Residential on 0.63 Acres

STEVENSON, Pikesville, MD

Welcome to 3410 Woodvalley Drive, an unrivaled mid-century modern residence where light, design, and craftsmanship come together. In 2018, the home underwent a full architectural renovation, reconstructed from the inside out with enduring comfort and no detail overlooked. Designed for long-term living rather than resale, every feature blends function and luxury. Passive-solar orientation allows winter sunlight to warm the interiors while roof overhangs limit summer heat. Inside features 10-ft ceilings, exposed beams, wide-plank flooring, and full-height interior and closet doors that stretch nearly floor to ceiling, enhancing the home's vertical lines and airy feel. The chef's kitchen includes Wolf, Sub-Zero & Bosch appliances, dual ovens, a five-burner gas range with custom hood, quartzite waterfall island, lift-up cabinetry, hidden outlets, and a drawer-style microwave. The primary suite offers two custom closet systems with built-in drawers and shelving, heated radiant floors, an oversized rain shower, ROHL fixtures, his-and-hers vanities, and custom blackout shades. Additional bedrooms have large windows, sliding barn doors, and built-in closet systems. The mudroom/laundry functions as a secondary prep space and butler's pantry with deep sink, extra refrigerator, and custom cabinetry. Utility features include a full-home water filtration system and a tankless water heater. The 0.63-acre lot features full yard irrigation, original stone retaining wall with steps to the

upper lawn, a six-foot custom wood fence (2023), a glass-door two-car garage, and an attached second storage garage. Architectural up-lighting showcases the home after dark. The backyard offers space for future amenities such as a pool or putting green, while preserving open green space. Modern California living, timeless elegance, and thoughtful design all come together here, a home this intentional and refined is rarely available in Woodvalley.
